AUTOMATED DRILLING GUIDANCE SYSTEM

for ***ANGLE*** Drilling Patterns

- **DTI *AngleBlaster*** System delivers **accurate** plain and ***angular*** **blast patterns**.
- ***Regardless*** of Drill's Body **position** the ***AngleBlaster*** ensures that **blast holes** are **parallel**, and in the **same plane**.
- Difficult **Compound *Angles* - 0.1** degree **accuracy**.
- First hole ***angles*** accuratly duplicated for remaining blast pattern.
- **User friendly** touch screen allows operator to adjust *angles* from drill's cab.
