## Blade placement

You can put 10 blades into the slot at most, and the common blades and hook blades can be put together.

## Automatically Change Cutters

**Pull out the blade:** one hand press the red button, and the other hand pull out the blade.

**Push out the blade:** After pulling out the blade, you can reset the button to its original place, and then push out the blade.

### Warm tips:

1. If the hook blade gets stuck, you can open the slot or reinstall the blade;
2. **Blade retractable button:** you can choose the length of retractable blade according to the thickness of cutting materials.
