Overview

- . Swing-away type, easy for preparation work.
- . LCD displays show the temperature value and the time.
- . Integrated electric control system for simple adjusting and maintenance.
- . Surface of heating panel is coated with Teflon layer.

Description:

It is widely used in transferring middle-sized or small-sized table cloth, T-shirts, bags, pants and others which are made of textile, knitting, non-woven, chemical fibre or cotton materials, and metal sheet, adornment, etc. According to the different materials, you can choose different times and temperatures to transfer.

Notice: Color of the machine is variable, and the color is random according to the ones in stock when you buy the machine. Certainly, you can choose the color we have made but need time to finish if it's not in stock. Also, you can customize the color you like but need extra cost and large order.

Guarantee & Aftersales Service

Comprehensive guarantee for one year except the wearing parts.
24-hour technical support by email or calling.
User-friendly English manual for machinery using.
