## QA

Q	What is the size of the film we can use? We are using big roll. Width is ok, length is 3500mtr
A	<p>What is the diameter of your film core? Our standard is 3" (7.62cm), if your film size is not fit, we can think about to custom made the rollers.</p> <p>Reply by <a href="#">sign-in-china</a></p>
