Material Safety Data Sheet

Revised on: 10/20/2015 MSDS No.: MS004P0010 Page 1 of 4

Product Description: InkTec SubliNova dye sublimation ink is a water-based ink used for printing on various substrates. It is designed for use in InkTec dye sublimation printers.

1. Physical and Chemical Properties of the Formulation

Property	Value	Property	Value
Appearance	Clear liquid	Color	Blue
Odor	None	Viscosity	Low
Specific Gravity	1.00	Boiling Point	100°C
Freezing Point	-10°C	Flash Point	None
Stability	Stable	Shelf Life	12 months

2. Hazards Identification

2.1. Hazard Classification: This product is classified as a non-hazardous substance.

2.2. Hazard Statement: No specific hazard statements are provided for this product.

2.3. Hazard Code: None.

2.4. Hazard Class: None.

2.5. Hazard Label: None.

2.6. Hazard Symbol: None.

2.7. Hazard Pictogram: None.

2.8. Hazard Precautionary Statement: None.

2.9. Hazard Response Statement: None.

2.10. Hazard Disposal Statement: None.

2.11. Hazard Environmental Statement: None.

2.12. Hazard Other Information: None.
