Overview

Description:

This 47.2" (1,198.88mm) vinyl cutting plotter has a contour cutting function and is used to cut all kinds of pictures, letters, and similar materials, on self-adhesive vinyl, stickers. It is made in China and comes with one year warranty.

Applications:

This cutting plotter is designed for both office and home use. It makes any kind of design and it works faster and easier than other models. It can cut stickers and vinyl decal, masking film for painting or etching, vinyl lettering, decorative scrapbook papers, card stock, stencils, magnetic sheet, stickers, glass decals, penaflex, etc. As well as all kinds of flexible heat transfer media like: T-shirts, flock, magic cut colored paper for garments, etc.

Product Highlights:

- Low cost and high performance machine for the manufacture of signaling.
- Controlled by RISC high speed processor, high speed cache.
- Unique soft impact cutter for smooth cutting.
- This cutting plotter adopts the latest numerical technology: it can regulate the pressure and speed in real-time numerically. This is very convenient and fast.
- It has a perfect output: there's no saw tooth even when using high speed.
- It supports CorelDraw files, bringing great convenience to work.
- The cutting plotter is highly stable and has nearly no malfunction.
- The cutting plotter has a nice appearance and very solid support, to avoid wobbling while cutting.
- The cutting plotter has LCD with a very accurate and simple English Menu, operated it by pressing buttons.
- The plotter's pinch rollers are adjustable, so the paper stays in place when using rolls of media.. With this function, you can use the plotter to make materials for large light boxes.
- This cutting plotter can work with Artcut, Flexi Sign, Signcut, WinPCsgin, SignBalzer, SignLab, etc. CorelDRAW plug-in driver (Cutmate2.0) is available for this machine. It supports direct cut-outs from 'CorelDRAW' 11, 12, X3.

Standard accessories:

- WinPCSign basic 2009 (Contour cutting version).
- User Manual (CD), CorelDraw driver Cutmate2.3.(optional)

- 1 RS232 serial cable.
- 1 power cable.
- 3 cutting blades.
- 1 blade holder.
- 1 pen holder.
- 1 coat for the plotter.
- 1 deluxe aluminum stand.
