- **Integrated electric control system for adjusting easily and maintaining convenient.**

Description:

This heat transfer machine has a unique and efficient design. There are two working tables for high efficient working. The machine adopts advanced technology and good material with fine workmanship. So the machine is durable and delicate. The heat transfer machine is widely used for transferring images to T-shirt, cloth, fabrics, ceramic sheet and metal sheet, etc.

Notice: Color of the machine is variable, and the color is random according to the ones in stock when you buy the machine. Certainly, you can choose the color we have made but need time to finish if it's not in stock. Also, you can customize the color you like but need extra cost and large order.

Guarantee & Aftersales Service

Comprehensive guarantee for one year except the wearing parts.
24-hour technical support by email or calling.
User-friendly English manual for machinery using.
