### Overview

- Simple assembly for a double-sided use
- The inner pole features a spring mechanism to press down, so it is easy to set up
- Fully adjustable; includes a hook loop
- No need to lean forward or backward

This two-sided retractable L-banner stand creates a uniquely effective outline for your message. Dual images result in double the exposure, since they can be used together or independently.

Crafted with aluminum, this stand extends to a height of 85". Simple, yet remarkably effective, it has become a popular choice with people in the marketing business worldwide.

#### Application:

Great for trade shows, point of purchase advertising and exhibitions.
