QA

Q	Does this machine can mark letters on mirror?
A	Yes, it can mark letters on mirror and other metal materials with perfect effect. Reply by sign-in-china
Q	Can I use this laser marker to cut and print number plate on coloured plastic such as acrylic perspex?
A	The Diode Pump Laser Marking Machine is used to mark numbers and graphics on metal, it can't print colored plastic. CO2 laser marking machine can mark on acrylic with good effect and high resolution Reply by sign-in-china
Q	What colour do you get when you mark on plastics and metals?
A	This depends on the metal color or plastic color. Reply by sign-in-china
Q	Can it be used to print signs (printing by marking)?

A	No, it can't. Reply by sign-in-china
Q	Can it be used as a vinyl cutter to cut partly through vinyl?
A	No, it can't. Reply by sign-in-china
