### Overview

- . Elaborate design, stylish and delicate
- . Color changing, lightening gradually and darkening gradually
- . Flashing, it has wonderful effects of flashing and catches people's eye.
- . LED lighting, mild and soft which is comfortable for eyes.
- . Energy saving, adopting LED light is energy saving
- . Even brightness, high-quality evenlit guide plate distributes light evenly.

Description:

LED Motional Light Box has the effect which is flashing just like EL Flashing Light Box. It can also produce the effect which can not be

gotten from `EL` Flashing Light Box such as colour changing, lightening gradually and darkening gradually and so on. Furthermore, this kind of light box has higher brightness and longer life-span. LED Motional Light Box will be a perfect substitute for EL Flashing Light Box. The motional light box is widely used in hotel, shopping mall, supermarket, etc

**Remarks:**

The overall Image size needs to be larger than the viewing size, In order to have a perfect fit and a great view of the image. That goes for all A1-A4 models.
