Overview

Description:

- Features the same color range as the original ink; there's no need to create a new ICC profile.
- Ink bleeding on media is free, which makes it able to print at a high speed mode, with decreased banding and beading
- It dramatically improves anti-alcohol resistance.
- Scratching resistance has also been significantly improved in the new ECO ink formulation.
- Reproduction is achieved in high color and results are presented in high gloss.
- It is a safe substance that is practically odorless.
- 14.9USfloz (440ml) cartridge, with an IC card included.
- To be used with: Epson/ Roland/ Mutoh/ Mimaki series ECO printers.
- Color scheme: CMYK or CMYK, LC, LM.
- Size: 22.8"x15.0"x6.3"(580x380x160mm)
- Weight: 2.2lb (1kg)/Cartridge
- Average period of outdoor durability: 24 months.
- Shelf-life is 15 months; it should be stored indoors at a temperature between 15 to 35°F.

Characteristics:

Practically odorless, this piece is suitable for piezoelectric printers, it includes a 6-color cartridge, features water and UV resistance, 24 month outdoor weather resistance and more than 12 months shelf time, and no ICC profile is needed.

Applications:

Can be used on Roland/ Mutoh/ Mimaki series ECO printers.
