Overview

Description:

- Ink bleeding free on media, able to print in a high speed mode.
- Dramatically improve the anti-alcohol resistance.
- High color reproduction.
- Safety substance.
- Highly glossy.
- Do not need to create new ICC profile.

Characteristics:

Suitable for piezoelectric printers, 6 color, bottle, water-proof and UV resistance, 12 months outdoor weather resistance, no ICC profile needed.

Application:

Can be used on: Roland SJ/XJ/VP/SP/XC/SC/RS series. Mutoh RockHopper II/RockHopper II K, Falcon TL, ValueJet 1204 / 1304 / 1604 / 1618, ValueJet 1614 / 2216. Mimaki JV3-130SL / 160SP / 250SP, JV33-130 / 160, JV5-130S / 160S / 260S / 320S.

Solution:

If you were a user of original cartridges before, but now you want to reduce the expenses, we strongly recommend you to use the Continuous Ink Supply System (CISS) Cartridge which contains a permanent chip. It is very convenient to continually conducting printing simply by filling the cartridges with ECO-SHL-001 ink when the printer is going to run out of ink. The price for one CISS Cartridge with 6 colors is \$240 (For Roland printers). Compared with the original cartridges, the CISS Cartridges are beneficial to reduce the cost because they are refillable ink cartridges.

Details

Used For Printer	Epson/Roland/Mutoh/Mimaki series
ECO Style	ECO Ink
Classification	Compatible
Color	C,M,Y,K,LC,LM

Package Type

Bottle

Volume	1000ml/bottle(33.8USfloz)
package size	370 x 280 x 250mm(10 bottles)(14.6" x 11.0" x 9.8")
Durability(Picture)	1-12months
Keeping Time(ink)	6-12months
Origin	China
