Overview

- .Including customized graphic printing
- .Very simple to transport
- .Tubular framing snaps together in minutes. No additional hardware needed
- .Full dye-sub fabric graphic

This counter is a great addition to any trade show presentation. The custom signage goes through a dye-sublimation printing process on high stretch fabric. The resolution is 720 DPI, which results in a brightly colored and detailed exhibit. The stretchy material eliminates wrinkles when pulled taut. This counter is constructed from an aluminum tube that sets up with a snap of a button.

Includes:

- .Aluminum Frame
- .Board
- .Travel bag
- .Graphic Print
