### Overview

#### Description:

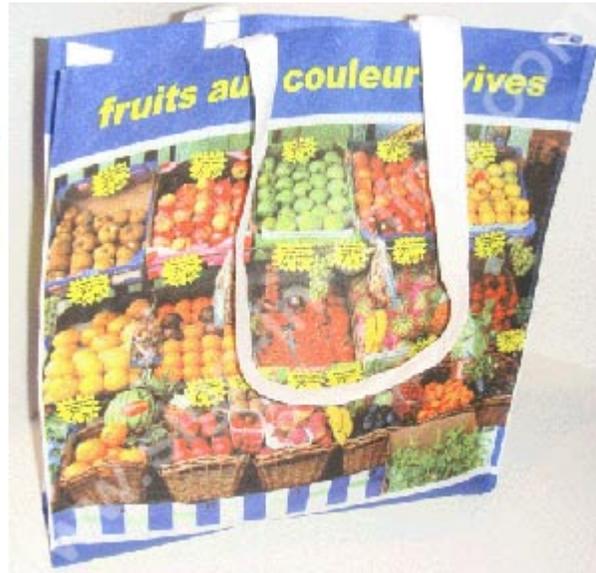

It is mainly suitable for fabric materials (PE, Nylon, fiber, etc.), acrylic, metal, wood and stone.

#### Characteristics:

- Color scheme: CMYK, LC, LM.
- Performs with high fluency.
- Delivers complete chromatograph & bright colors.
- With high density & durability, it has good water-resistance that is also fast drying.
- It discharges completely and provides smooth distribution on the surface without dye-disporting or printhead clogging.
- Features outstanding surface tension with high light and water speed.
- With long preserving periods, it offers outstanding thermo stability.

**Applications:**

To be used with: Mutoh, Epson, Mimaki, Roland, and other similar printers.
