Overview

- Swing-away design, easy for prepare work.
- Adjustable knob to ensure the suitable pressure.
- Integrated time & temperature controller, and it'll warn when time is up.

Description:

The plate heat press machine adopts swing-away design to get enough space for conveniently put plates. The digital controller is integrated and easy to operate. The heat press will alarm when time is up. The pressure is even for perfect image transferring. It's widely used for ceramic plates.

Notice:

The case in which the machine is stored is available in different colors, which can be chosen according to your preference, as long as they are in stock. The machine color can be ordered, although a waiting period and an additional charge should be taken into consideration. This applies only to bulk orders.
